

## Jackalope Brewing Company

Jackalope Brewing Company, founded by Bailey Spaulding and Robyn Virball, is one of the first craft breweries to open in Nashville, Tennessee. They started with an idea for a craft brewery that would be an active member of the community, and provide delicious, creative beers. The Jackalope dream was born and, in 2010, they were joined by their friend, Steve Wright, who is now a partner. They opened their doors in May 2011 with two employees. Since then, their growing team of ten have been working nonstop to accomplish their dream. They used the Revolving Loan Fund (RLF) to renovate the brewery and taproom, purchase equipment, and provide working capital for the business.

Jackalope Brewing Company and public taproom is located in downtown Nashville. They offer guided brewery tours along with tastings. Their beers are sold at various restaurants, bars, and liquor stores in Nashville, with distribution in Clarksville and Chattanooga, TN. They currently have 16 beers on tap, including their year-round brews: Thunder Ann, Rompo, Bearwalker and Leghorn. They grow their own hops locally for their wet-hopped beers. In addition, Jackalope sponsors and participates in numerous festivals, pub crawls, fundraisers, and community events in Nashville and beyond, adding much to our region.
